WHOLESALE TRADE LIST

INTRODUCING — *Cornus Floridus Rubrum* "SWEETWATER RED"—*Flowering Dogwood* FIRST TIME ON THE MARKET!

BLOOM A DISTINCT, RICH RED!

Color of the blossoms stay bright and clear throughout the entire blooming period.

BRILLIANT FOLIAGE ON NEW GROWTH

The new foliage growth in spring is an outstanding trait; brilliant red leaves changing to dark green in the summer and in the fall again changing to crimson.

VIGOROUS GROWER

This plant grows with the vigor of a white flowering dogwood, but has sturdy branching habits and develops into a uniform tree.

MORE DISEASE RESISTANT

The "Sweetwater Red" showed more resistance to dogwood bores than other varieties tested.

BOYD'S BRIDGE ROAD
KNOXVILLE, TENNESSEE

October 15, 1961

Dear Fellow Nurserymen:

The Howell Nurseries, Inc., of Knoxville and Sweetwater, Tennessee, take great pleasure in announcing as co-distributor of our new "Sweetwater" Red Flowering Dogwood, the Boyd Nursery Company, of McMinnville, Tennessee.

The late Mr. Bruce Howell, a member of our firm and one of the original Howell Brothers, was one of the foremost authorities and breeders of Dogwoods in our section who started propagation to find a truly Red Flowering Dogwood in 1928 at Howell's Sweetwater firm. After producing several hundred plants he narrowed the trees to twelve selections. Before Mr. Howell could get the trees on the market he died in 1953, causing a delay in the production. Later the Boyd Nursery Company was contacted to help us with our propagation, and as the co-distributors it was decided to name the new dogwood "Sweetwater" where this truly Red Flowering Dogwood originated.

The "Sweetwater" Dogwood is a new strain of Red Flowering Dogwood that has not been offered before. It is the most superior of all the trees tested and is also the most disease resistant. It has the reddest foliage of any of the Red Dogwoods that we have ever grown and has the largest blooms. We recommend it as being the best of all the Red Flowering Dogwoods.

"Sweetwater" Dogwood is registered and patent pending.

The supply is still limited, and we suggest that you send your order as soon as possible to Howell Nurseries or to Boyd Nursery Company.

Yours very truly,

HOWELL NURSERIES, INC.

PRUNUS—Hall's Almond. New Rapid-Growing, Young-Bearing

We are pleased to offer this new improved dual purpose tree that blooms so beautifully and bears a fine crop of delicious Almonds. These trees are hardy and can be grown wherever it is possible to grow peach trees. They produce abundant crops of top quality, nutritious nuts. Used extensively by commercial bakers, confectioners and housewives everywhere.

Hall's Almond is a rapid-growing, young-bearing nut tree. The nuts are large with large juicy meat, and fine quality.

GLEDTZIA—"NEW IMPERIAL LOCUST"
(Plant Patent No. 1605)

The new IMPERIAL locust is an exceptionally graceful, spreading variety that is destined for recognition as one of the outstanding trees of this age. Branches are symmetrically arranged, forming a much more regular and compact tree than other Honeylocusts. It grows straight and strong *without staking* and produces a dense and uniform crown with a minimum of trimming in the nursery.

	Each	Per 10

GINKGO BILOBA, Maidenhair Tree. Oldest Tree on Earth

This fine lawn tree is not subject to insect pest, scale or disease of any kind. The leaves are fanshaped, a bright green color throughout the summer turning to a brilliant yellow in the fall.

Ginkgo, the oldest tree known to man, a survivor of the Ice Ages. Only by being completely free of disease and insect pests, and being able to withstand almost any climate condition has it survived over a million years. It remains trouble-free, the perfect answer for shade tree planting in practically all of the United States.

MALUS, FLOWERING CRABS

"A New Flowering Crab Tree"

"THE RAINBOW TREE," 5-N-1 Flowering Crab

Yes, here is the tree that has been wanted for a long time, the popular Flowering Crab, with five varieties of blooms, all blooming on one tree. One limb each of the following species. Aldenhamensis, Almey, Eleyi, Hopa and Dolga. Each limb a different foliage and color of bloom.

	Per 10	Per 100
4 feet, 9/16" Cal.	\$12.50	\$100.00
4 feet, 11/16" Cal.	15.00	125.00

ALMEY, Flowering Crab

New! Fiery Crimson! Sensational!

Almey takes its place as the most beautiful flowering crab in America. The tree is upright, vigorous and hardy. Almey blooms young. Each spring the two year old trees in the nursery are covered with blooms. Almey is the only variety that does this. It is hardy and will do well in any location. The fruits are maroon, and last into the winter season.

	Per 10	Per 100

ELEYI, Flowering Crab—Flaming Beauty

Attractive reddish foliage in spring, Single pink flowers. Purple foliage.

FLAME CRAB

Single white flowers, bright red fruit, which clings to tree late in fall.

ALDENHAMENSIS CRAB

Bronze foliage, dark blooms similar to Eleyi—often blooms second and even third time, and is being grown in preference to Eleyi in some places.

HOPA CRAB, The Tree of Amazing Beauty

An amazing, dazzling beauty, early spring till frost. Spring beauty of bronzy red foliage, then the whole tree bursts into bloom—the most magnificent, fragrant pink flowers. Showy red apples during summer. Delicious, sparkling jelly. Easy to grow, hardy.

PRUNUS THUNDERCLOUD, Dark Purpleleaf Plum

The very best Purpleleaf Plum we have come across. It holds its bronzy purple color throughout the season and not merely in the Spring. Upright strong grower.

The foliage is somewhat darker than some of the other varieties of Purpleleaf Plums—a good hardy variety.

24 to 30 inch	3.50	25.00

Red Leaf Peach. This new fruiting and flowering Peach has been a sales builder for catalog and mail order houses. Its merits include beautiful red foliage, as well as a good fruiting peach.

Peppermint Flowering Peach. This is really a beauty. Two-tone in every respect. Moderately double, flowers white marked with red stripes.

Double Pink Flowering Peach, Helen Borchers. Large, double pink flowers.

Double Red Flowering Peach. The old favorite in Flowering Peaches. It produces beautiful double red flowers.

Prices on double Flowering Peaches:

WEeping FLOWERING PEACHES

White Flowering Weeping Peach. A beautiful white carnation looking flower.

One of the latest introductions in the Flowering Peach family. Its habits of growth sometimes requires staking in order to get the height desired. Starts weeping when new growth starts. Double white flowers.

Pink Flowering Weeping Peach. One of the latest introductions in the Flowering Peach family. Its habit of growth sometimes requires staking in order to get the height desired. Starts weeping when new growth starts. Flowers are very similar to other Flowering Peaches.

Red Flowering Weeping Peach. Another late introduction, same habit of growth as the Pink. Its beauty must be seen to be appreciated. Beautiful red flowers appear in spring on this most graceful Weeping Peach.

Prices on New Weeping Peach Varieties:

New Introductions — Forsythias

FORSYTHIA LYNWOOD GOLD

This shrub is one of the most beautiful of the early flowering shrubs covered with golden yellow flowers from top to bottom in the most profuse manner and the individual blooms are better and fuller in form and a show of golden yellow.

FORSYTHIA SPRING GLORY

This is another of the lovely Golden Bells. Its large pale yellow flowers completely cover the branches in such masses that they bend with their weight. This variety is much more attractive than the common variety.

Prices on Lynwood Gold and Spring Glory Forsythia:

HIBISCUS, Mallow Marvels

A beautiful perennial of the Hollyhock family. Attractive for its foliage and brilliant flowers. Blooms very profusely. Individual flowers are very large.

Mixed Colors

	Per 100
2 yrs. No. 2	\$4.00
2 yrs. No. 1	5.50

HYDRANGEA BLUE, Blue Flowers

Both hardy and beautiful. The tops die down to the ground every winter, but give them a little mulch protection and the crowns will grow into bushy shrubs in one season, 2 to 4 feet tall with attractive, luxuriant foliage and great masses of flowers.

Because the flowers are borne on the new wood, you get blooms every year, and lots of them. It is not at all unusual to see flower heads more than a foot across and the shrub completely covered with them—a wonderful show.

In alkaline soil the flowers are pink; in acid they are blue. It's easy to change alkaline soil into acid with aluminum sulphate (two tablespoons to a gallon of water).

	Per 10	Per 100
Rooted Cuttings	\$2.00	\$15.00

Terms and Conditions

(This List Cancels All Previous Prices)

We offer usual terms to those of known responsibility. Where purchaser's credit responsibility is unknown to us cash is required before shipment or reference with time for proper investigation. Orders to be sent C. O. D. should be accompanied with one-fourth cash.

3%* discount and free boxing and packing allowed where cash accompanies order. No charge for packing carload orders in bulk.

Net 30 days from date of invoice.

2%—10 days.

Price—All prices here are f. o. b. our nursery, packing at cost. Packing free if cash accompanies order. We will accept orders 25 of a variety at 100 rate; 250 of a variety at 1000 rate. The prices published in this list are subject to change without notice, and are made for immediate acceptance. They may be increased to cover any taxes upon sales. Bales and boxes charged at actual cost.

Consignment—No stock will be sold directly or indirectly on consignment.

Shipping—Customers are required to give definite instructions in regard to manner of shipping that they desire. We ship by express, freight or truck.

Inspection—A Certificate of Inspection accompanies each shipment.

Guaranty—We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock or bulbs we sell, and we will not be in any way responsible for the crop. All stock is sold subject to crop losses through unavoidable causes.

Claims—All claims must be made immediately after receipt of stock. While we use every means at our command to secure prompt delivery we are not liable for delays in transit; our responsibility ends upon delivery in good order to transportation company. We shall be glad, however, to render all aid we can to remedy a loss.

References—Any bank or business house in McMinnville. The Commercial Agencies or any of the leading nurserymen in the United States.

**WE ARE NOT IN THE JAPANESE
BEETLE ZONE**

Truck Service—We are able to offer delivery in private trucks within a radius of 1000 miles. Charges average about the same as railroad rates with the elimination of packing charges and delivery to your door. If interested in truckload delivery, write us or phone and we will make arrangements.

"All trucking delivery charges are C.O.D., and must be paid when stock delivered."

DOGWOOD—PINK FLOWERING

(*Cornus Florida Rubra*.) This unique tree is rapidly becoming the most popular of the FANCY FLOWERING TREES. It is called the Aristocrat among the finest plantings in America. This small, uniform tree is literally covered with large, sparkling, rose-pink flowers often measuring three to four inches in diameter before the leaves appear in the early spring. Its grayish-green foliage makes it attractive during Summer, and in early Autumn the foliage turns to a glistening rich crimson. Our select trees are propagated from buds taken from fine specimen trees which have the largest and most vivid colored blooms. The tree is extremely hardy and will thrive in most sections of the United States.

— CORNUS FLORIDUS RUBRUM —

"Sweetwater Red"

And now to the family of America's favorite flowering tree, the Dogwood, is added a truly outstanding new member, "Sweetwater Red" Flowering Dogwood.

The dogwoods are native to most of North America from the Atlantic to the Pacific and from the Great Lakes to the Gulf of Mexico.

Catesby described flowering dogwood in his "Natural History" and reported finding in Virginia a dogwood with flowers of a rose color. He sent both pink and white flowering dogwood to Fairchild in London in the year 1731.

The button shaped bloom buds of the dogwood open in late spring, forming four large notched petal-like flowers. The blooms appear before the foliage and in the fall the foliage turns to a crimson accompanied by bright red berries that remain on into winter.

To this family now is added the brilliant new "Sweetwater Red" variety.
